

being, or are likely to be, sold in the United States at less than fair value (62 FR 27222 (May 19, 1997)). Subsequent to the final determination, on May 21, 1997, we received ministerial error allegations, timely filed pursuant to 19 CFR 353.28(b), from the following respondents: Sinochem Jiangsu Wuxi Import & Export Corporation, ("Wuxi"); Shanghai Ai Jian Import & Export Corporation, ("AJ"); Shanghai Ai Jian Reagent Works, ("AJ Works"); Guangdong Petroleum Chemical Import & Export Trade Corporation, ("Guangdong"); Guangzhou City Zhujiang Electrochemical Factory ("Zhujiang"); and ICC Chemical Corporation ("ICC"). No ministerial error allegations were submitted by the petitioner. We received comments from the petitioner rebutting respondents' allegations on May 28, 1997.

We have determined, in accordance with 19 CFR 353.28(d), that a ministerial error was made in our margin calculations. Specifically, the Department inappropriately added rather than deducted capital account expenditures in its calculation of the SG&A ratio. For a detailed discussion of the alleged ministerial errors and the Department's analysis, see *Memorandum for Louis Apple from the Team*, dated June 11, 1997. In accordance with 19 CFR 353.28(c), we are amending the final determination of the antidumping duty investigation of persulfates from the PRC to correct this ministerial error.

Scope of Order

The products covered by this investigation are persulfates, including ammonium, potassium, and sodium persulfates. The chemical formula for these persulfates are, respectively, $(\text{NH}_4)_2\text{S}_2\text{O}_8$, $\text{K}_2\text{S}_2\text{O}_8$, and $\text{Na}_2\text{S}_2\text{O}_8$. Ammonium and potassium persulfates are currently classified under subheading 2833.40.60 of the *Harmonized Tariff Schedule of the United States* ("HTSUS"). Sodium persulfate is classified under HTSUS subheading 2833.40.20. Although the HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of this investigation is dispositive.

Antidumping Duty Order

On June 25, 1997, in accordance with section 735(d) of the Act, the U.S. International Trade Commission ("ITC") notified the Department that the U.S. persulfates industry is materially injured by imports of persulfates from the PRC. Therefore, in accordance with section 736(a)(1) of the Act, the Department will direct U.S. Customs

officers to assess, upon further advice by the administering authority pursuant to section 736(a)(1) of the Act, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price of all entries of persulfates from the PRC. These antidumping duties will be assessed on all unliquidated entries of persulfates from the PRC entered, or withdrawn from warehouse, for consumption on or after December 27, 1996, the date on which the Department published its preliminary determination notice in the **Federal Register**, (61 FR 68232). On or after the date of publication of this notice in the **Federal Register**, U.S. Customs officers must require, at the same time as importers would normally deposit estimated duties, the following cash deposits for the subject merchandise:

Manufacturer/producer/exporter	Weight-average margin percentage
Sinochem Jiangsu Wuxi Import & Export Corporation	34.41
Shanghai AJ Import and Export Corporation (or Shanghai Ai Jian Import & Export Corporation)	32.22
Guangdong Petroleum Chemical Import & Export Trade Corporation	34.97
China-wide Rate	119.02

This notice constitutes the antidumping duty order with respect to persulfates from PRC, pursuant to section 736(a) of the Act. Interested parties may contact the Central Records Unit, Room B-099 of the Main Commerce Building, for copies of an updated list of antidumping duty orders currently in effect.

This order is published pursuant to section 736(a) of the Act (19 USC 1673e(a)) and 19 CFR 353.21.

Notice of Postponement of Preliminary Determination of Sales at Less Than Fair Value: Static Random Access Memory Semiconductors (SRAMs) From the Republic of Korea and Taiwan

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: July 7, 1997.

FOR FURTHER INFORMATION CONTACT: Shawn Thompson or Fabian Rivelis, Import Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, D.C. 20230; telephone (202) 482-1766 or (202) 482-3853, respectively.

Postponement of Final Determination

On March 17, 1997, the Department initiated an antidumping duty investigation of imports of SRAMs from the Republic of Korea and Taiwan. The notice of initiation stated that we would issue our preliminary determination on or before August 4, 1997 (62 FR 13596, March 21, 1997).

On June 23, 1997, petitioner made a timely request pursuant to 19 CFR 353.15(c) of the Department's interim regulations (60 FR 25130, May 11, 1995) for a 50-day postponement of the preliminary determination, until September 23, 1997, pursuant to Section 733(c)(1) of the Tariff Act of 1930, as amended (the Act). Petitioner requested a postponement so that the Department would have additional time to analyze the responses to the antidumping questionnaire due to the fact that they are voluminous and raise many unusually complex issues.

For the reasons identified by petitioner, we are postponing the preliminary determination under Section 733(c)(1) of the Act. We will make our preliminary determination no later than September 23, 1997.

This notice is published pursuant to section 733(c)(2) of the Act and 19 CFR 353.15(d).

Dated: June 27, 1997.

Louis I. Apple,

Acting Principal Deputy Assistant Secretary for Import Administration.
